Dumpster Removed

Hello Summerstone Neighbors,

We wanted to inform everyone that the dumpster at the front of the community/amenity parking lot has finally been permanently removed.

While it was never ok/allowable to dump personal household/excess trash there, individuals are still dumping trash over the walls/doors of the existing structure. This behavior will continue to burden our HOA budget by incurring additional fees for trash removal. It also pulls our attention away from much more important items. As recently as this post, we have caught people actively dumping already.

Again, we ask that if you see someone dumping, please help us stop them as well, and if you can get their information, send it to our emails.
